Local pollinator initiatives

School Mini-meadows

Derrygonnelly Ps

Garrison St Martin's Ps

Verge Management

❑ A Fermanagh-wide agreement with Roads Service. The erection of verge signs prevents grass cutting till mid-August on up to 20 wildlife rich sites

❑ In 2016, the signs were up from May 18th to August 18th – a period of exactly 3 months.

❑ Summer 2017 will provide an opportunity to undertake Rapid Assessment surveys to assess the full extent of species richness recovery

Verge Management

Drumee Verge

- ❑ Important Site for Dingy Skipper Conservation
- ❑ Has been saved by lobbying from becoming a temporary car park for turbine blades for a local wind farm
- ❑ The 250 metre verge has been sown with wildflower seed and managed accordingly
