

Maintenance Schedule: To be repeated each year for duration of maintenance period.
 The schedule below lists the timing of key annual operations for the soft landscaping for this roundabout as shown on the accompanying drawing.
 For required standard, the schedules should be read in conjunction with Specification for Maintenance and BS7370: Part 4 Grounds maintenance -
 Recommendations for maintenance of soft landscape.
 The contractor shall provide rates for completion of a single operation, for the items where spaces are provided.
 Rates given may be used to omit items by the CA as deemed appropriate based on prevailing weather and site operational requirements.

Important Note

When conducting maintenance work, contractors will be required to provide the appropriate signage etc. as per [Chapter 8 of the Traffic Signs Manual](#) Details of the general signage to be used should be submitted to the council for approval

Roxboro Roundabout														
To be read in conjunction with drawings T399-104, T399-114 and T399-124
